NABEL

WHAT IS **NABEL**?

Nabel, founded in 1992, is headquartered in Hangzhou, China. Since 2003, the sales have been leading for seventeen years as single brand in China! Nabel has been concentrating on high-end porcelain slabs and persisting in technological precedence, so as to become "the world's best service provider of decorative articles". At present, it owns three famous series such as Nabel Simm Marble, Nabel and Cesan, and the whole series of products has produced many new decorative design concepts.

Nabel has always adhered to the innovation driven development strategy and led the ceramic tile industry with technological innovation. In 2010, the Nabel R&D technical center was awarded to "National-recognized Enterprise Technology Center" by five national ministries and commissions. Up to now, more than 600 patents have been applied, and many patent prizes have been awarded.

NABEL SLAB

Nabel, with three major production bases, continuously introduces advanced production equipment from Italy, Spain, etc., and has a globally advanced production line of large slabs. Adopt the international advanced technology standard, and carry out the perfect ISO9001:2000 International Quality Management System Certification, ISO14001 Environmental Management System Certification, and OHSAS18001 Occupational Safety Management System Certification.

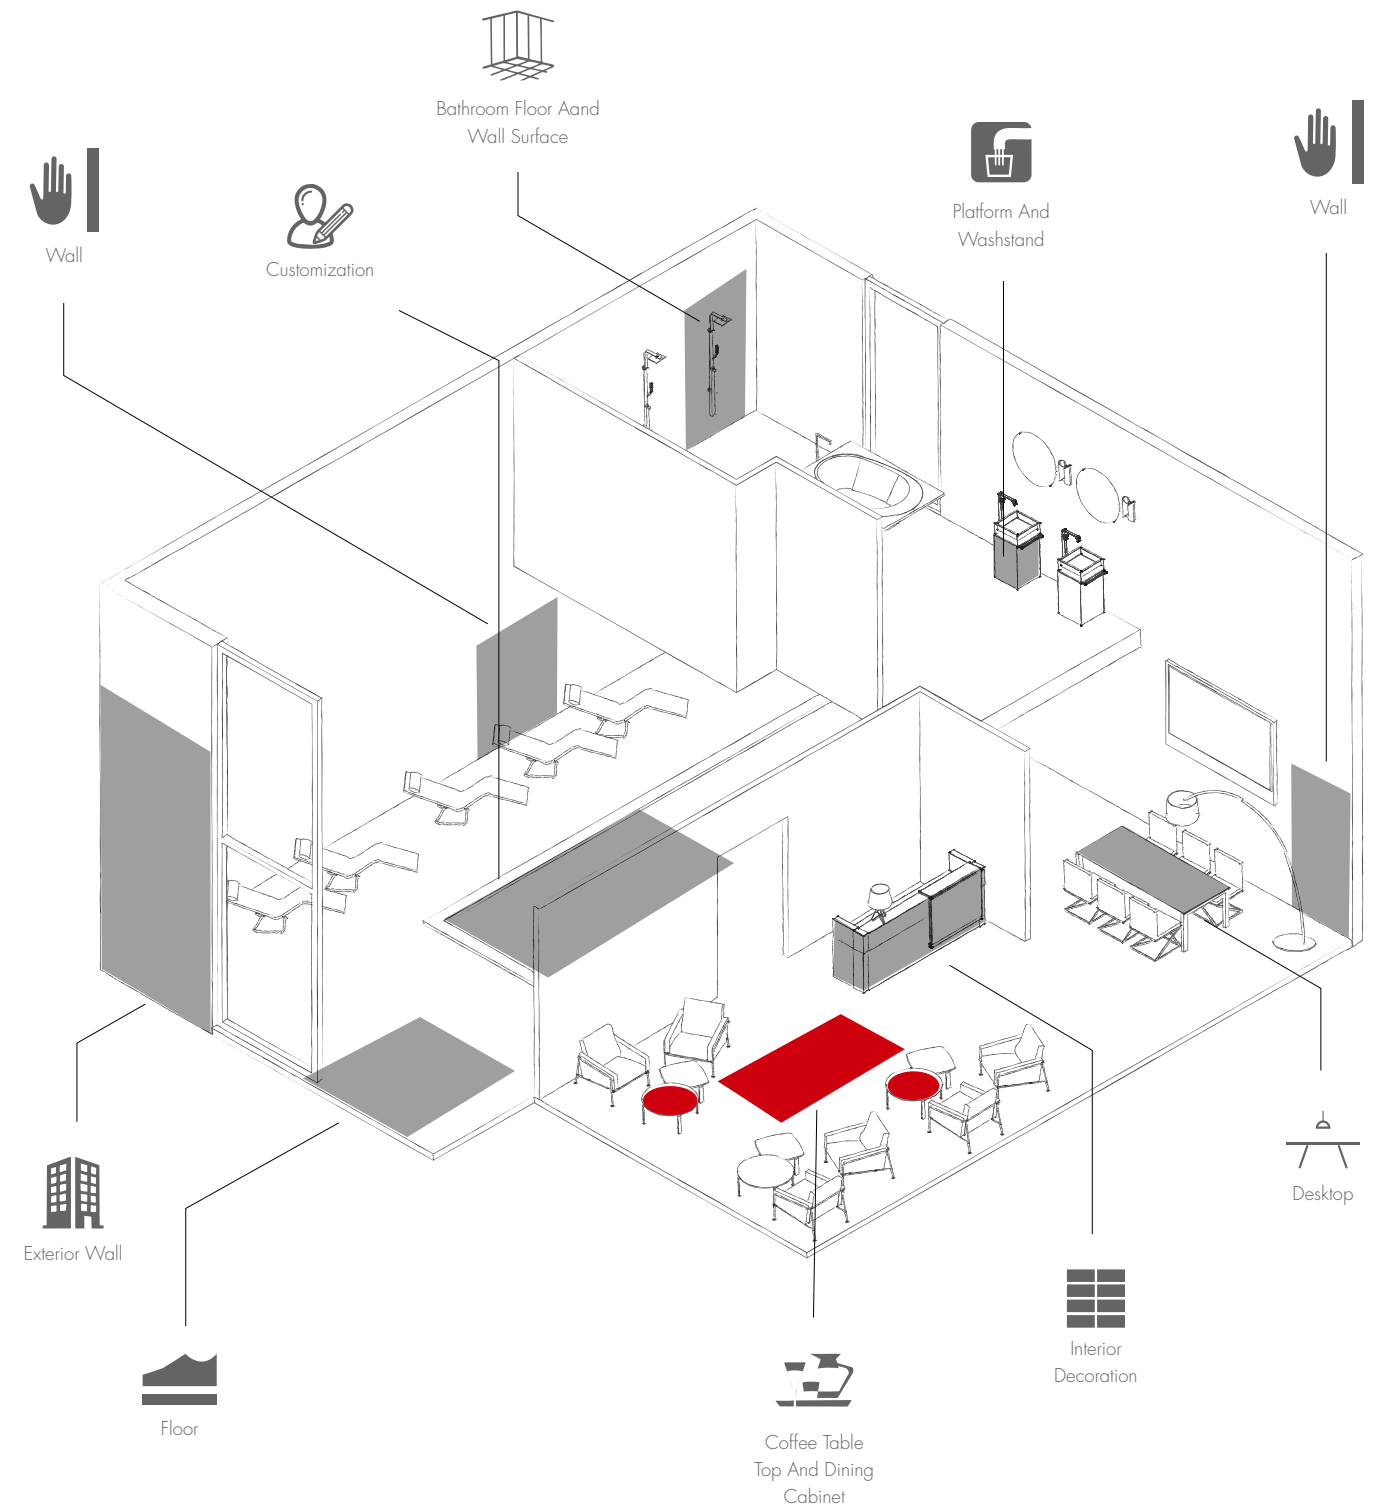

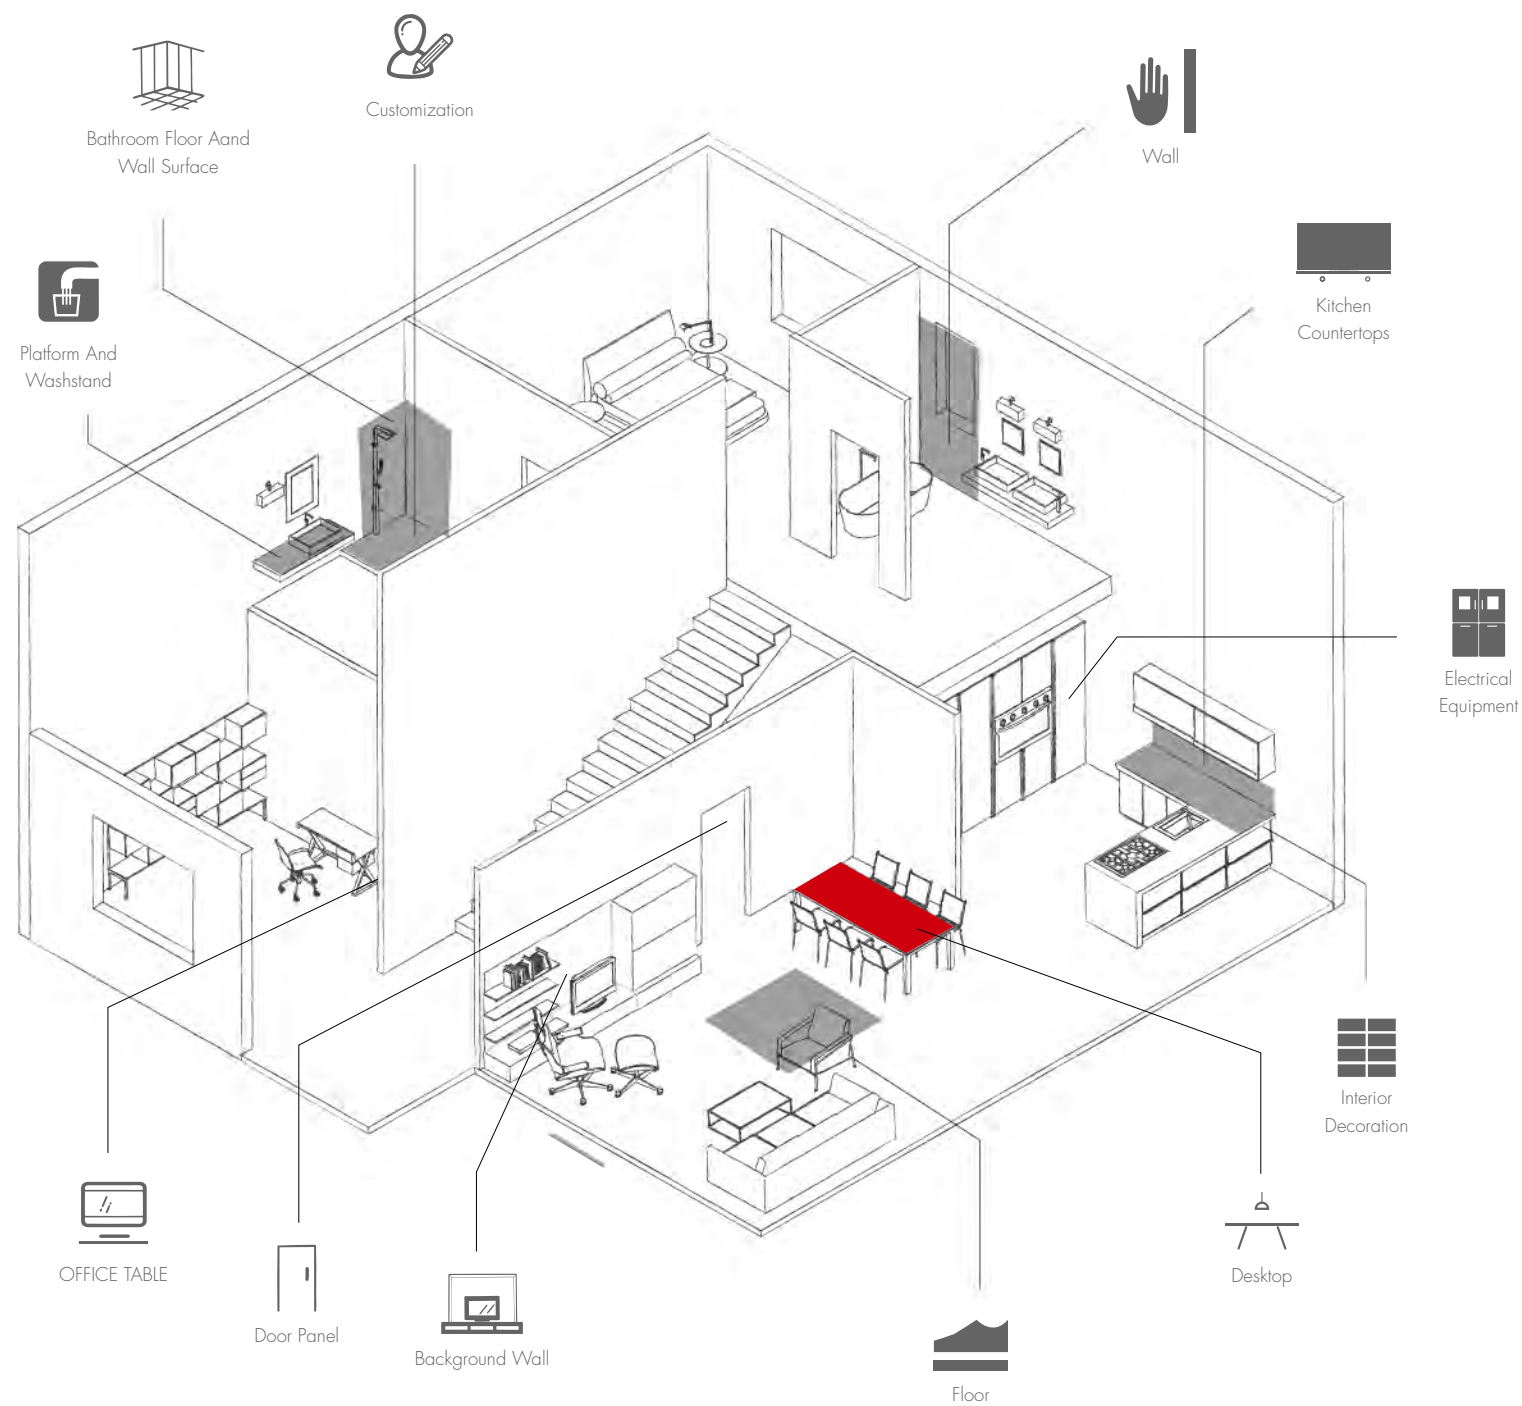

Relying on several innovative research platforms, Nabel has made significant breakthroughs in material technology, equipment technology, design technology, green manufacturing technology and standardization technology, leading the green development of building and sanitary ceramics industry. While introducing Italy's uper-tonnage press machine and supersize inkjet printer, Nabel created the large international advanced slab decoration equipment, and successfully launched the nabel slab series in 2017 by using the exclusive SIMM-TEC core patent technology, which leads in the global porcelain tile industry.

Nabel, the leading brand of Chinese porcelain tile!

RESIDENTIAL SPACE APPLICATION

Nabel porcelain slab adopts Nabel patented formula, which has the characteristics of high density and hardness, and has super physical properties. In daily applications, it can withstand the temperature change of sudden cooling and

heating, and has superior properties such as abrasion resistance, scratch resistance, acid and alkali corrosion resistance, waterproof, antifouling. The surface is antibacterial and bacteriostatic, making it easier to clean.

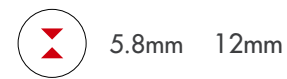

PUBLIC SPACE APPLICATION

Based on customized needs, Nabel porcelain slab series are widely used and suitable for home spaces, high-end commercial spaces,

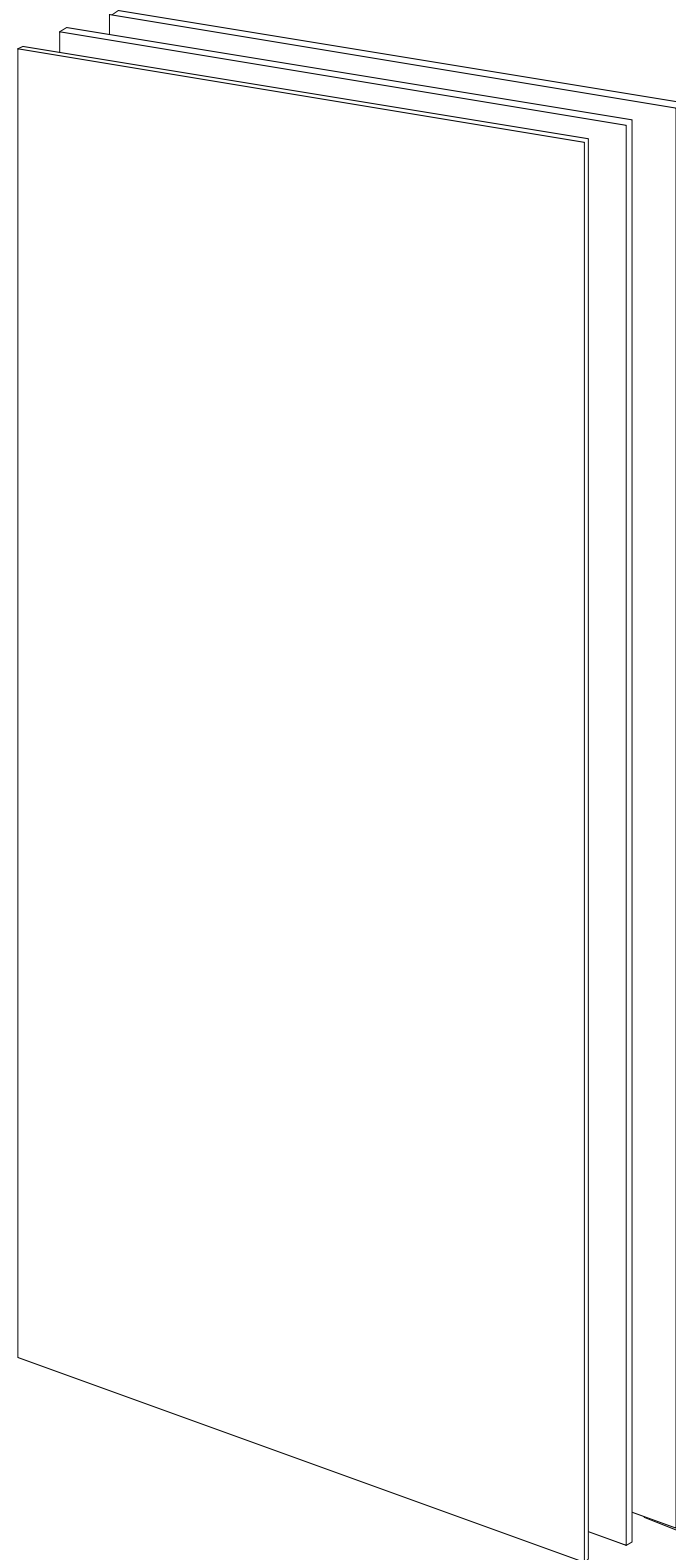

building exteriors, etc. They are also the latest technological materials for cabinet, countertops, wardrobe, furniture and other fields.

 "Limit Of Radionuclides"	Ira≤1.0 Lys1.3	Ira≤0.2 Lys0.6	Ira≤1.0 Lys1.3	Ira≤0.3 Lys0.6

NABEL FLAGSHIP STORE

OUR PORCELAIN SLAB DOPTS ITALY ADVANCED PRESS MACHINE, OF WHICH PRESSURE CAN BE 44000TON.

It produces the integrally formed and super large size porcelain slab, including 3200x1600mm, 2400x1200mm, 2700x1200mm, 2700x900mm maximum, with fewer seams, strong sense of continuity, free combination and cutting, meeting diverse design demand.
